

CIA TEAM

MOBILITY & OPS

NJDOT – Sue Catlett

FHWA – Ek Phomsavath

EDC-6: Crowdsourcing for Advancing Operations

NJDOT partnering with Waycare

- Pilot project
- Support/improve operations of traffic incident management (TIM) and traffic operations centers (TOCs)

“Development” Stage

- Awarded the STIC Incentive funding (\$55,000)
- Assembled a team
- Developed a schedule and deployment plan

EDC-6: Next-Generation TIM: Integrating Technology, Data, and Training

NJDOT collaborating with NJSP

- Computer-Aided Dispatch (CAD) integration project
- CAD integration into traffic operation centers to improve incident response and quicker clearance.
- NJSP selected Motorola to implement the new CAD system.

“Development” Stage

- Assembled a team
- Need to determine the data types/interface format of the new CAD system once deployed by the NJSP.
