LOCAL ROAD SAFETY PLANS

Safety Benefits:

Agencies have experienced the following benefits after LRSP implementation:

25%

reduction in county road fatalities in Minnesota.

17%

reduction in fatal and serious injury crashes on county-owned roads in Washington State.

35%

reduction in severe curve crashes in Thurston County, WA.

Solutions

Finish Line

Building an enthusiastic team with a diverse skill set is the first step to success in making a local road safety plan. This has two main benefits. First, you get lots of perspectives from different stakeholders. Second, a diverse team creates buy in, which is crucial for implementing your plan. Use the tools and examples on this page to make a great team!

Your local road safety plan should be data driven as much as possible. Don't have great data? No worries, everyone has some data and you can always get more as you go. Use the resources on this page to help you discover and use the data you have. Remember, do what you can, with what you have, where you are!
